Mike Rainey leads us into action again tomorrow morning. The neighborhood team starts at 9 AM and stops promptly at 11 AM. We're not sure whether Peggy Romine will be out and about.

We will meet at Sally's Corner, which is the intersection of East Park Drive and South Park Drive.

In case you haven't seen them, Duncan Park is the first neighborhood to see the new educational "Beware" signs, such as this "Beware Tree of Heaven" on lower East Park Drive.

[Continued on next page . . . ]

Or this "Beware Mimosa" close by the dam.

Any one who comes can get a short course about invasives. We have some light jobs such as picking up trash, some helping jobs such as taking down invasive trees, and some challenging jobs such as killing kudzu and/or wisteria.

All participants will have fun.

Hope you can come.
